

Shelburne 
GIFT COMPANY

Corporate Gift Catalog

2020

Business gifts don't have to be boring, predictable, or time-consuming.

We work with corporate clients and event planners who want memorable gifts for clients, employees and guests...along with the convenience of not having to create them.

Our approach

Shelburne Gift Company designs, creates and delivers Vermont's most beautiful and unique gift boxes, filled with items that are stylish, relevant and often local.

Companies turn to us when they want to find a creative way to acquire new business, retain clients or thank their employees...but they don't want to send another cellophane-wrapped fruit basket (or turn their conference room into a giant assembly line).

Our goal is to act as an extension of your marketing team, helping you to drive client and employee engagement through meaningful gifting.

How it works

- 1. Let's connect!** We'll set up a time to chat with you about the designs in our catalog and help you choose your perfect gift. We'll discuss your brand, your theme, quantity, budget, deadline and any special design requests. Feel free to email tracy@shelburnegift.com or call us at (802) 985.8732 to schedule a consultation.
- 2. Design and details.** Once you've selected your gifts and we've discussed customizations and branding, we'll send over a proposal including a price quote and estimated turnaround times. When everything meets your approval, you'll sign off and we'll send an invoice. Once we've received payment, it's time to start the ordering process.
- 3. Ordering and production.** Now it's time for you to sit back and let us go to work! We'll procure your inventory from vendors, coordinate your branding materials and request your gift messages and shipping addresses. Once we have everything in hand and organized, we'll move on to assembling your gifts into beautiful packages.
- 4. Fulfillment and shipping.** You can rest assured that your gifts will be packaged with the highest level of care.... our goal is to ensure your recipients receive packages that you'll be proud to have sent! Once the boxes are out the door, you'll receive tracking information for each gift, along with photos of the finished product. We'll also follow up with any information on packages that are "returned to sender" for any reason.
